RE: 2016_p115_MSDE_Broadening Options and Opportunities for Students Today (BOOST)

Dear Chairman Kasemeyer and Chairman McIntosh:

This letter is submitted in accordance with the requirements on Page 131 of Senate Bill 190 of 2016 (the Fiscal 2017 Budget Bill) and Page 115 of the Fiscal 2017 Joint Chairmen's Report (JCR) to provide information on the Broadening Options and Opportunities for Students Today (BOOST) program.

SB 190 requires that the Maryland State Department of Education (MSDE) submit information on:

- the number of students that received scholarships,
- the amount of the scholarships,
- the nonpublic schools that the students are attending, and
- the number of certified and noncertified teachers in core subject areas for each nonpublic school participating in the BOOST program.

The JCR requires that MSDE submit the following information in aggregate for the scholarships awarded:

- the nonpublic school and grade level attended by the student;
- the school attended in the prior year by the student;
- if the student attended the same nonpublic school in the prior year, whether and what type of scholarship aid the student received in the prior year;
- the average income of students receiving scholarships;
- the racial breakdown of students receiving scholarships; and
- the county in which students receiving scholarships reside.

The Honorable Edward J. Kasemeyer

The Honorable Maggie McIntosh

RE: 2016_p.115_MSDE_Broadening Options and Opportunities for Students Today (BOOST)

Page 2

The attached 13 pages of data tables include most of the required information. Information has not yet been collected from participating schools concerning the number of certified and noncertified teachers in core subject areas. Also, information has not yet been collected on the names of the assessment instruments that participating schools are using. Participating schools have certified that they are administering assessments in 2016-2017 to all students:

- in math and reading - annually, in each of grades 3 through 8;
- in science - once in elementary school, and once in middle school;
- in biology, government, Algebra I, and English 10 in high school;
- and to students with disabilities, consistent with their Individualized Education Program (IEP).

It is expected that the certification and assessment information will be provided to the Budget Committees in February 2017.

If you have questions or need additional information about the attached report, please contact Monica Kearns, Assistant Superintendent for Business Services, at 410-767-2072 or monica.kearns@maryland.gov.

Best Regards,

Karen B. Salmon, Ph.D.
State Superintendent of Schools
